

ART GRAB - HOW IT WORKS:

The Art Grab will begin promptly at 8:15 p.m. Participants will be asked to come forward based on the color of their Art Grab ticket (you will receive this at the check-in desk when you arrive). Until your color is called, please give others room to move forward. There will be 5 seconds between each person. Please don't push or shove to get your art. Once you grab a piece, exit to the back.

Winner's Circle: Gold ticket holders for first, second, and third choice will come forward and make their selections.

Exclusive VIP: Silver ticket holders will come forward, line up in alphabetical order based on the letter on their Art Grab ticket (A-J), and make their selections.

VIP: Red ticket holders will come forward, line up in alphabetical order based on the letter on their Art Grab ticket (A-T), and make their selections.

General Admission (groups of 20): A color will be selected and projected onto the wall above the art grab canvases (left side). Those holding that color ticket will come forward, line up in alphabetical order based on the letter on their Art Grab ticket (A-T), and make their selections. This process will be repeated until the Art Grab is complete.
