WANTED: A versatile MEDICAL CASE MANAGER at ACT!

WHY WORK AT ACT?

At ACT, we work with our member agencies to improve the lives of people impacted by HIV/AIDS and related health issues by ensuring they have access to health, housing, and support services. We are a non-profit organization that is passionate about our work and strive to lead through innovation, make measurable progress, collaborate for greater impact, and respect the choices of our clients.

WHAT WILL YOU DO AS MEDICAL CASE MANAGER?

You will do a lot! Most importantly, you will determine client eligibility for services, conduct a comprehensive intake, and link clients to appropriate services. You will also create an individualized care plan for each client on your approximately 35 client case load to meet their medical, psychosocial, and other needs, reduce barriers to care, and ensure optimal health outcomes.

Additionally, you will be expected to develop and maintain a working knowledge of HIV care, entitlement programs, and community social services. You will advocate for and connect clients to quality care while maintaining confidentiality and standards of care.

But wait, there’s more! You will also enter client and contact data into CAREWare and complete program reports on a regular basis. You will also fill in for co-workers who are out of the office.

REQUIREMENTS
